Re: Approval to Amendment Notice, Small Mining Operations, Gemstone/Fossil Lease
ML 47821, Juab County, Utah, DOGM # S/023/057

Dear Mr. Sprunger:

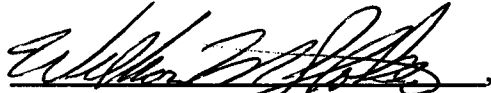

On June 18, 2001, the School and Institutional Trust Lands Administration received the Time Account Receipt, account number 2013972914 in the amount of \$1,250.00 as surety for reclamation of surface disturbances on lands encompassed by the amendment to your small mine operation. On June 27, 2001 the acting Director of the Trust Lands Administration approved the referenced Time Account Receipt for the purposes mentioned. With approval and acceptance of the reclamation bonding requirements your amendment to expand your small mining operations satisfies the requirements of the Trust Lands Administration and, by this letter approval is granted to commence with the expansion. The amended expands your current mining operation by one quarter (1/4) of an acre, bring your total mine area to one half (1/2) acre.

As with your original notice to commence small mining a cultural survey will not be required. Compliance with the State of Utah Antiquities Act forbids disturbance of archeological, historical, or paleontological remains. Should archeological, historical, or paleontological remains be encountered during your operations you are required to immediately suspend all operations and immediately inform the Trust Lands Administration and the Division of State History of the discovery of such remains.

Trust Lands Administration approval to commence exploration or mining does not alleviate the necessity to comply with the requirements of the Division of Oil, Gas and Mining. You must contact them and comply with their notification requirements before commencing with any exploration or development. The address of the Division of Oil, Gas and Mining is 1594 West North Temple, Suite # 1210, P. O. Box 145801, Salt Lake City, Utah 84114.

Please keep us apprised of the status of your operation and when in the area a member of the Trust Lands Administration's staff will examine the site.

Sincerely

A handwritten signature in black ink, appearing to read 'William M. Stokes', written over a horizontal line.
